## LE MANOIR DE L'ÉTANG

Le Manoir de L'Etang is a Swedish owned boutique hotel with 19 rooms and restaurant in a private 5 hectar park with horses; olive trees and a lotus flower pond. The house was built in the late 1800s and its interiors are a blend between Provencal and Scandinavian decor.

It is an ideal place to stay as a small or big group, as the hotel provides comfort with the feeling of being home away from home.

A smiling staff will take care of all of your wishes.

Le Manoir is situated in Mougins in a very tranquil location, halfway between Chateau Taulane and Monaco/Turbie, just a few minutes from the highway A8.

The hotel is close to several important golf courses. Many of them play host to international golf tournaments.

Cannes Mougins Golf Club, one of the most famous courses on the Riviera, is within walking distance from Le Manoir.

## GOLF ON THE FRENCH RIVIERA

Nice airport is an international airport with many daily flights from all the major and some minor airports in the UK.

There are around 300 sunny days every year on the Riviera.

There are plenty of golf courses, many hosting international tournaments. The courses are different to one another and are either situated by the sea or up in the hills and mountains. They are all situated within a 80 km radius of Le Manoir de L'Étang.

Most golf courses are opened all year round.

Things to do include art and culture; food and markets not to forget a beautiful landscape.
